COMPLETE PACKAGING SOLUTIONS

Flexible Paper Sleeving

Lightweight paper packaging solution for a sustainable world. Helping to reduce single-use plastic packaging.

- Paper is one of the few truly sustainable products. It is made from renewable resources, biodegradable, and is one of the most highly recycled products in the world.
- 100% recyclable, plastic-free packaging solution
- Water based glues, ensuring the product is biodegradable
- 45gsm paper from FSC sources
- 350gsm side strip 100% paper
- 4 sizes available - 100mm, 200mm, 250mm and 350mm in length
- 600 pieces per carton
- Flat packed for optimal storage
- Pick a sleeve that is flush to your packing carton, or use void fill for additional support at either end of the sleeve
- 3 colours available
