Optimax WAT Tape Dispensers

OM700

Electronic Water Activated Tape Dispenser

With multi operation mode, the OM700 offers the most versatile choice of tape length, ideal for any carton size.

Features:

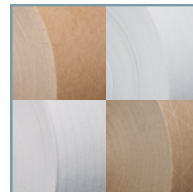

- > Ideal for high volume, fast-paced shipping environment
- > Sealing more than 100 cartons per day
- > Large tape roll capacity up to 255mm diameter and up to 80mm width
- > Large water bottle capacity up to 2L eliminating the need for frequent refilling
- > Tape compatibility: plain and reinforced, gummed side in and gummed side out
- > Tape output of 60 metres per minute
- > Safety interlock switch: disable the cutting blade when the front cover is open
- > Multi operation mode: auto mode, program mode and manual mode for maximum efficiency
- > Offer one-touch dispensing of tape lengths from 15cm to 145cm, with double 2x and manual adjustment of +/- 1cm
- > Built-in 9 pin connector for Hexadecimal input from any devices, including PCs
- > Adjustable temperature of the heating unit for optimum adhesiveness in different ambient environment
- > Optional foot pedal provides hands-free versatility
- > Optional measuring device automatically calculates carton dimensions to dispense the perfect tape length.

Technical Data OM700

Dimensions: 325 x 539 x 309mm (w x d x h)
Machine weight: 12kg
Tape roll capacity: Up to 80mm wide
Up to 255mm diameter
Dispensing speed: 60metres/minute
Water bottle capacity: 2 litres
Cable length: 3m
Electrical requirements: 200 -240V AC, 50/60Hz, 2A
Warranty: 2 years parts, 1 year labour

Largest tape capacity in the industry
Eliminates the need for frequent roll changes.

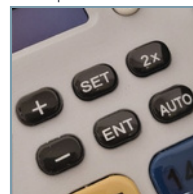

Versatile tape compatibility Suitable for plain, reinforced, gummed side in and gummed side out tape.

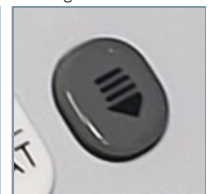

Largest water bottle capacity in the industry
2L capacity eliminate the need for frequent refilling.
